

MISSION STATEMENT

- The Division is a network of Chemical Societies and their members working in all fields of Inorganic Chemistry.
The Division gives a forum to the interdisciplinary field of inorganic chemistry and its applications.
- The division is based in Europe and aims at close links to related Institutions all over the world.
- The Division is aimed to motivate national chemical societies to promote inorganic chemistry in their countries and assist in forming appropriate structures such as divisions, working parties etc.
- The Division is aimed to become the focal point of Inorganic Chemists in Europe.

Please send your comments on the mission statement by November 1st.
Also Please send me any events, conferences, symposia, etc in inorganic chemistry that you know, so I can place them in our web.

Finally the next meeting of the Inorganic Division, will take place in Torino on September 16 around 1:00 am before the opening of the 2nd European Chemistry Congress.

We can arrange for a dinner the night before for those that will arrive on the 15th. Tentative agenda:

- Election of a Chairman
 - Election of a Secretary
 - Election of 3 or 5 member steering committee
 - Activities of the division
 - Co-organization of the FIGIPAS conference in Palermo
 - Decision the FIGIPAS to be dissolved and incorporated into the Division
- Any other items
